

# Atheist Arguments

## Cheat Sheet

1. Some people believe only what they can see with their senses.
2. Some people think science can explain everything.
3. Some people see suffering and think God can't exist.

## Responses to Arguments

1. We believe many things we can't see, such as love and gravity.
2. Science can't answer all of life's questions. Science answers "How?" but not "Why?"
3. Sin, not God, causes suffering. God conquers sin through Jesus.
