

Optional Activity: Elijah and the Widow of Zarephath (Part 1)

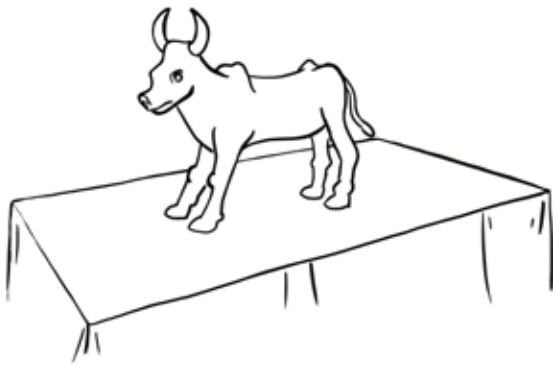

Name: _____

Fill in the blanks to complete the Bible story of Elijah and the widow.

Elijah warned the wicked king Ahab that a drought would come if he did not stop

worshipping idols

and worship the true God instead.

King Ahab did not repent, so God sent a

drought.

Without any rain, there was very little food.

God sent Elijah to a widow and her son in the land of Zarephath. God told Elijah that

the widow would feed him,

but they had enough oil and flour for only one more meal of bread.

Elijah told the widow that God promised that her food would last through the drought, so the widow

made bread for Elijah. Miraculously, her oil and flour never ran out!
