Answers may include I can know stealing is wrong because it goes against what is just. From my experience, I would not want anyone to take what is mine.

Lesson 4: If you do not have faith in the revealed law, what problems can occur for you?

Answers may include if all law was known through reason alone, my understanding would be limited; I would be confused or argue about the truth of God's laws. Only by having faith in the revealed law can I truly know the fullness of God's truth.
