Chapter 5 Reflection Questions

Name: _____

Lesson 3: There are no gods other than the one true God. But sometimes we are tempted to put other things before God. What happens when you put God first in your life?

Answers may include when I put God first in my life, I share in His love. Then my desire to put other things before God will not be important.

Lesson 4: Three reasons some people say there is no God are below. Choose one and make an argument against it.

1. We can believe only in what we see.

We believe many things we cannot see, like gravity or the wind. We know they exist because we experience their effects. Although we cannot see or touch God, we can experience the world He created, His miracles, and His presence in our lives.

2. Science can explain everything, so we don't need God.

Science can explain only how things work. Only God can explain why we are here and our purpose in life.

3. God would not allow suffering in the world.

God allows suffering only when He will bring a greater good out of it.
