#### Small Wonders for Chapter 1: Muddles

**Lesson Link: The story of God's love in Scripture.** The nature of our fallen human condition can often make our lives "messy." We often spend a lot of time and effort trying to clean up the mess of our sin, frequently seeking advice from various sources. The means to clean up the mess of sin and avoid making new messes is given to us by God the Creator, who provides the "Instruction Manual" (Scripture) and the sacraments of the Church.

- *What lesson did Tell-Tale learn about getting clean?* (We can't become clean by doing what made us messy. To be clean, we have to go to the source that will make us truly clean.)
- *What is the "Scroll" with helpful instructions that God has given us for living a happy and holy life and cleaning up the messes we make with sin?* (The Bible.)
